

# NURSING (MSN)

## Contacts

**Program Director:** Ksenia Zukowsky, PhD, APRN, NNP-BC

**Email:** Ksenia.Zukowsky@jefferson.edu

215-503-5091

**Campus:** Online with in-person intensives

Program Website (<https://www.jefferson.edu/academics/colleges-schools-institutes/nursing/degrees-programs/master-science-nursing.html>)

## Program Description

The Master of Science in Nursing (MSN) prepares graduates to be advanced practitioners at the forefront of healthcare, serving in a variety of roles.

The curriculum is predicated on the belief that professional nursing is an art and a science incorporating theory, research and clinical practice. All students enrolled in the MSN program share a core curriculum. Specialty areas, with the exception of the Doctor of Nursing Practice (DNP) Nurse Anesthesia Program (<https://www.jefferson.edu/academics/colleges-schools-institutes/nursing/degrees-programs/doctor-nursing-practice/post-bachelor-science-dnp-anesthesia.html>), require 36 credits. Two and three year study options are available.

## Program Highlights

- Demonstrate pass rates higher than the national average on certification exams
- Enjoy 98% job placement rate (those who pursue employment following graduation)
- Earn starting salaries ranging from \$55,000 to \$115,000

## Curriculum: MSN, Adult-Gerontology, Acute Care Nurse Practitioner

Code	Title	Credits
