Program Description

The accounting major at Thomas Jefferson University prepares students to become professionals with a broad understanding of public accounting and financial management of corporate and nonprofit organizations. Students have the opportunity to network with accounting industry professionals, participate in industry-sponsored projects, complete an exciting semester abroad, or help to run our Student Managed Investment Fund. They can also earn their iMBA degree in one additional year of study while preparing for the Certified Public Accountant (CPA) exam. Accountants serve a variety of roles in every company. Our graduates have gone to work at the Federal Reserve Bank, Ernst & Young and KPMG, just to name a few.

Learning Goals/Outcomes

- Prepare and analyze, at an in-depth level, corporate financial statements
- Apply knowledge of relevant professional accounting standards in the financial reporting and auditing of U.S. and multinational firms.
